

Because pure water is essential to life...

Artesia - pure water wherever you are...never run dry,

In the kitchen On the road In the wild

Patented.

AUTO-FILLING UVC WATER PURIFIER

- No more waiting for water to purify. Auto-filling water purifier continuously receives from water source (culinary, bucket, barrel...)
- 2 to 4 filter cartridges purify 100 to 200 gal's per week to 99.99% pure water and do not require priming!
- UV light systematically sanitizes the purified chamber of viruses & bacteria (plugs into wall or cell phone solar battery)
- Fits on counter under standard upper kitchen cabinet height of 18" - won't interfere with working counter space.
- Remote wand hose fills containers up to 3 feet away from filter
- Great for emergencies, RV's or camping! Filter tote doubles as a water fetch and connects to the filter, feeding 5 more gallons into the system.
- Won't flood counters (All other gravity filters will flood the counter if overfilled)
- Artesia systems waste no water and keep all the good minerals, unlike RO filters.
- Elegant scratch/smudge resistant brushed stainless steel will complement your kitchen decor.

Artesia with tote system
